Please double checked your score cards and have a partner insure it is correct. All details are on the bulletin board. Take 5 minutes and get up to-date - especially long standing members.

SCORE CARD ERRORS

Are you losing out on the Par Points and Monthly Medal competitions due to score card errors???? Cards are not eligible, unless:

1. Individual card is completely made out.
2. All computations are correct.
3. Card is legible and correctly signed.
4. Last name is printed on the left side of card.
5. Handicap holes are correctly circled.
6. Differential is posted, making use of the stroke control system.

HOW IS YOUR GAME???

Setting a good example on the Golf Course by Club Members, will help to improve the attitude and speed of the casual player.

- I replace my divots.
- I repair my ball marks on the greens.
- I smooth all marks in the sand traps.
- I keep my cart off the grass tees and fringes of greens.
- I don't practice putting after finishing a hole.
- I handle the flag on the greens with care.
- I am ready to hit my next shot when it is my turn.
- I move quickly up each fairway, not holding up play.
- I obey all course signs and rulings.
- I don't take divots with practice swings.
- I don't allow more than the original starting space to open on the fairway.
- I allow the following group to play through, if held up in any way.
- I know the Rules of Golf and the Local Rules, and play by them.
- I turn in a readable and completed score card after each game.
- I post a differential for each game, using the stroke control system.
- I am courteous to all players.
- I check in at least 15 minutes before playing time.

IF LESS THAN YES TO ALL ABOVE-----THERE IS ROOM FOR IMPROVEMENT.

TEE TIME HASSLE

Club playing times are a privilege. Don't abuse them by being late, making a last minute entrance, or failing to notify of your absence.

1. Be on hand at least 15 minutes before tee-off time.

Why not give it a try?????.....And see how smoothly things can run.

CLUB CHAMPIONSHIP

112 players qualified, making 7 Flites of 16. The Championship Flite had a new look with smooth stroking New Members replacing some long time stalwarts....Is this the start of a new regime???? The opening round Matches were marred with 8 defaults....Not too good.....

Championship Finals slated for June 11-12.

JUNIOR DEVELOPMENT

Wally Gourlay, perennial Junior Development Chairman, has the Junior Program well underway with a schedule of Competitions and Practice Sessions for the season. This Program is worthy of our 100% support.

John Hrubes Memorial Fund....Ticket Sales showed a gross return of \$524.00.

The draw was held Thursday, May 26.....Jake Ingram picked up the big prize, and Barry Webster (a non golfer) took second.

CLUB OPERATION

The Executive meets once each month to discuss, review and plan Club Activities. If you have any complaints, ideas, recommendation, etc. address your remarks to the Executive in writing and place in the Score Card Box or send to the Secretary for consideration by the Executive at its next meeting.

To avoid PLAYING TIME MIXUPS and to decrease NO SHOWS....The Executive ask that the following be observed:

"Member of foursome must not sign for other members of foursome, unless he is positive members will show.....Members must not sign for a member in any other foursome than his own."

Our Course is looking better each day.....Care of the Course should be the concern of us all.....You can do your part by replacing divots, fixing ball marks on the greens, and raking sand traps.....The more conscientious player will go the "second mile" and repair the damage by other golfers.

MID-WEEK SWINGERS

Jim Simpson defeated Don Wiggans in the finals of the April Match Play Tournament.....Con Lewis and Syd Turvey won the May Partners 54 Hole Net Medal Play Competition.....The April-May Ladder Tournament was won by Jim Simpson with Sandy Taylor and Tom Picken 2nd and 3rd respectively.....

GOOD & WELFARE

Great to see Harry Winder back hitting a few balls after his long bout with sciatica.....Ken Ordway is trying a few holes again, nice going Ken.

WANTED!!!! Articles of Club Interest,,,,,Welfare of Members,,,,Items of outstanding play....Tales of woe....Whatever....Pass them on to the Editor.

I hate golf
The feeling of tension on the first tee
The chap who hits farther and straighter than me
The shank and scuff, the top and slice
The hook or smother are none of them nice
Yet, when sunk in despair, my blackest mood of all
I will suddenly strike a truly sweet ball
My wedge lays a ball dead by the pin
And the birdie is mine for a tap in
I love golf.

It has been estimated that a golfer's chances of making a Hole-In-One are much greater than the probability that he will read the Rule Book.

DO YOU KNOW YOUR RULES OF GOLF????

- Q. A players shot lands in the rough behind some trees. He declares the ball unplayable, and moves his ball 2 club lengths to the left, no nearer the hole. This takes him back on the clipped fairway, clearing the rough and the trees that were in his line of play. This gives him a clear shot to the green, with the loss of only one stroke. Is this he correct????
- A. The player is correct. There is no distinction between 'fairway' and 'rough' in the rules of golf. Under Rule 29 Clause (ii), if moving the ball 2 Club Lengths to the right or left, not nearer the hole, with a 1 stroke penalty gives you a clear shot...That is a lucky break.

MID-WEEKERS.....

Mid-Week Competitions for Par Points, Monthly Medal and Trophies closes Wednesday, October 26.....There will be a Sluggers vs. Swingers Match Play Event (Free ball to winners) and a number of other competitions.

Also to our long time friend and member, Reg Forde, who we haven't seen for quite some time.

You are all missed fellows.

AN EDITORIAL

Meetings are the lifeblood of an organization such as the "West Point Golf Club". These include of course the annual meeting and the executive meetings through the year. They also include the impromptu get-togethers involving a few members to discuss the welfare of the Club, hopefully in a constructive manner.

The members who faithfully attend the annual meeting year after year derive many benefits from attending. The benefits do not accrue to them alone. Attendance is a two way street in that it helps the Club as much as the member. No organization can survive without membership participation.

In the broad sense meetings are what make our association alive. All the members can take part. They make belonging a "family affair", if you like, illuminating a common interest in golf and a sense of belonging that enriches the bonds of membership.

Meetings also serve a different purpose. This is the bringing of new talent to the fore. They are proving grounds where potential officers and directors engage the interest of the directors and/or the nominating Committee. Without these contacts, elections and appointments would become just so much "eeny-meeny-miney-mo!"

These members who regularly attend Club meetings and functions from the "hard core" are the basic nucleus of our Club. These are the thinkers and the doers whose participation and loyalty to the game ensure continuing value in return for your dues. This group is not a Clique or a Closed Corporation, the doors are open and anyone can play if he wants to. The only pass required is your participation - if you want to.

Come and support your Club on JANUARY 27th, 1978 AT 7:00 P.M. IN THE CLUBHOUSE!

Walt Turner: Vice President and
Chairman of the House Committee
1977

ELECTION OF OFFICERS 1978

Each year it is the obligation of every member to consider who should run the West Point Golf Club for the ensuing year. To ensure that there will be nominees for each of the executive positions, your Club's nominating Committee proposes a slate to make sure there is a candidate for each position. This is very important. You may have experienced the futility of sitting through a meeting trying to nominate, let alone elect, a board of directors and one after another the "nominees decline to run". That's trouble for any organization. It's sick and, unless something is done, the patient will die.

Every member is free, indeed is encouraged, to nominate another member for election to the executive. But to save embarrassment (and time for that matter) you should ensure that your nominee is interested, is qualified, is prepared to stand for election and, above all, has the time and is willing, if elected, to accept the obligations, the responsibilities and the work load of the office. If your nominee cannot attend the annual meeting you must have his signed agreement, naming the office, to run if nominated and serve if elected.

The 1978 nominating Committee proposes and will place in nomination the following slate at the annual meeting:

President:.....Walt Turner
Vice President:.....Roli Parker
Secretary:.....Neil McIntyre
Treasurer:.....Bill Cartwright
Captain:.....Geo. Milne I
Vice Captain:.....John Girling
Vice Captain:.....Gus Leonidas
Director:.....Wally Gourlay
Director:.....George Aylwin
Director:.....Jim Dalton
Director:.....Joe Davis

Two members of the 1978 executive have already been named. JESSE COVE is on the executive as immediate Past President and ALF ALLEN was elected by the Midweek "swingers and sluggers" as their Vice-Captain.

-END-

CONSTITUTIONAL AMENDMENT

Your executive will present two amendments to the Constitution at the Annual meeting. Both concern changing the fiscal year from starting on February 1st each year to January 1st each year. The reason is quite simple - housekeeping. Your treasurer has a problem in cleaning the books and getting them audited in the annual meeting when the year ends on January 31st and the Annual meeting is required to be held "not later than the 31st day of January...". The two changes follow:

1. Moved to amend article IV item 1 "Annual meeting" by striking out the word "fiscal" in the 1st paragraph.
"The Annual General Meeting of the Society shall be held at the Club House, or at such place in the City of Vancouver as may be selected by the Board of Directors not later than the 31st day of January of each fiscal year."
As amended the latter part of the para. will read, "...not later than the 31st day of January of each year."
2. Moved to amend Article XI "Fiscal Year" that now reads: "The Fiscal Year of the Society, shall begin on the first day of Feb. and end on the last day of the succeeding Jan. in each year."
As amended Article XI will read: "The Fiscal Year of the Society shall begin on the first day of Jan. and end on the last day of Dec. in each year".
This serves as the official notice of a Constitutional Amendment as required by the Club Constitution.

THE SICK LIST

We hear that Graham Piers has recently undergone surgery in Shaughnessy Hospital. A speedy recovery Graham and we'll be looking for you around the Clubhouse.

ANNUAL BANQUET

About 170 members and guests assembled for the Annual Banquet and presentation of prizes and trophies at the Faculty Club last November 18th. Judging by the feedback it was the usual success. Once again we owe our thanks to all those who worked at putting it all together. How about giving these fellows a word now and then to let them know their efforts are not in vain.

Once again door prizes went to all those attending the "clambake"; George "the first" Milne did his usual job of "badgering" everyone to contribute. To all the firms and private members who gave - many thanks - much appreciated.

IN MEMORIUM

We regret to announce the passing of Ed Rigby last month. Our sincere sympathy to his family.

SPECIAL EDITION.

November 14, 1978

This special edition is intended to familiarize you with the Endowment Lands intention to build a new club house facility and to report to you details of discussions between your executive and the Endowment Lands Administration in connection with this project. The subject was further discussed at the November 7th executive committee meeting and this report will relay to you your committee's thoughts concerning our possible participation as a club in the new club house project.

There exists the possibility of having a new club house by the Spring of 1979, and almost a certainty within the 1979 golf year. Its location is intended at the approach to the 14th Tee (in the approximate area of the "Big Johns" which you probably observed and used during the summer months). The plans do not suggest an elaborate type structure but will house all the necessary golf course attributes. Prior to the tenders being submitted to the trade, your executive were invited by the U.E.L. Administration to attend a meeting designed solely to establish our thoughts with respect to our having a club room within the new facility. It was an informative meeting, but the necessary decision making facts were not available for us. What seemed important was the recognition of our club as an entity by the U.E.L. and this important fact was gratefully acknowledged by your executive representation. We asked that the plans provide for an area measuring some 400/500 square feet which we are prepared to furnish with the monies already designated by you, the membership, for that purpose. This area would be apportioned for the sole use of our membership and to be available during such times as golfing is available. It is not intended as a social suite to be open and available to us at all times and would be limited in its access to our club members only. Separate pro shop facilities with storage lockers are to be located separately within the club house but our proposed room would exclude storage facilities. The purpose of the meeting was to determine our interest in having such a room and having been assured by your executive who confirmed our interest (contingent, of course, upon the rental structure), the U.E.L. representative took the information to Victoria and we now await final details concerning the rental arrangements.

. . . continued on page 2

It is to be assumed that a rental rate structure will be presented initially to your executive for their consideration. It will then be presented to the membership for discussion at the annual general meeting. It is not known at this time whether or not an increase in membership annual dues will be required to handle the rental. You can be assured, however, that your executive will strive for the best possible arrangement for the club, both in terms of money and the facilities offered us. It appears likely that we shall, as a club, be required to consider a dues increase at our next general meeting. We must give consideration to the alternatives present if we do not have available to us a separate club room facility. To conduct our golfing business, display trophies, score cards, handicap sheets, club notices, etc. etc. requires that we have a recognized area for such purposes. The public area within the new club house is not large and the space available would not provide conditions such as now exist in the old club house. Without a club room, we foresee the possibility of club disintegration and the demise of an old and well-organized golf club. We could not accept a situation which would require us to deal directly or become dependent upon the whims of the club pro for his assistance in organizing our club tournaments and it would appear from the limited public space available with the new club house, such might become necessary. As a tenant, our status within the golf course would become firmly established and our club could then look forward to an undisturbed continuation of the arrangement we now enjoy.

In closing, we, your executive, now appeal to you for your assistance in the decision-making process. We have provided you with a tear-off portion and have asked that you respond to the question shown thereon. As a club member, dedicated to the golf game and to the future of West Point, we do expect you, the member, to respond by answering the question which we, your executive, have presented to you. A special box marked "COMMENTS" will be placed in a conspicuous location within the club house to receive your answers to the questionnaire, together with any other comments you may wish to present to your executive for their consideration.

Having said all of these things, we now return to the more normal reporting procedures concerning "the happenings" within the club. We remind you again that November 24 is the banquet and if you have not already indicated your intention to attend, we suggest you do so now.

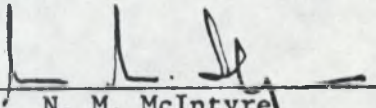

A sheet is provided for that purpose and is located within the Pro Shop. George Milne continues to accept door prize donations. Make his job easier by not waiting until the last moment to make your donation.

Some brave hearts golfed over the holiday weekend at a time when all the brass monkeys should have been indoors. Fear not, lads, there's still some golf time left yet before the winter storms, so don't put the clubs away yet!

We intend to invite Mr. Bob Murdoch, Administrator, University Endowment Lands, to our banquet. We hope that he will accept. We have assured Mr. Murdoch that should he attend, he will not be required to answer any questions directed to him from the floor. Our banquet is a fun night and not intended as a "club business session". So let's not complicate the issue!

This will probably be the final Divot Dust for 1978 -- unless of course something untoward happens which requires your executive to contact you prior to the Annual General Meeting.

President Walt Turner and his executive committee take this opportunity to wish you and yours all that you would wish for yourselves during the festive season and into 1979.

Feb. 1979

Welcome, golfers, to the 1979 golfing season. Poor weather conditions put a crimp on the attendance at the annual meeting January 26th. About 45 members showed up to hear the various committee reports from 1978 and elect a new slate of officers. Your new executive is as follows:

President	Roli Parker
Past President	Walt Turner (Chairman of 1979 Nominating Committee)
Vice President	Gus Leonidas
Secretary	Jim Dalton
Treasurer	Bill Cartwright
Captain	John Wilson
Vice Captain	John Girling
Vice Captain	George Rushton
Vice Captain	Ed. Angel (Mid Week)
Directors	George Aylwin (Chairman Membership Committee)
	Joe Davies
	Bill Watkins (Chairman Junior Development)
	Frank Sanie

Roli Parker reported that, while there was nothing further to report in the new clubhouse situation, the administration of the Endowment Lands was enthusiastic about a proposal to add a par 3 'Executive' type course to the present facilities. This promoted a motion of support for the administration for any improvement in the golf facilities in the Endowment Lands. A second motion appointed Stan Blake as auditor for 1979.

Upon the recommendation of the executive the initiation fees have been increased from 35 to 50 dollars. This will take effect immediately. The final motion passed at the meeting means good news to the high handicappers. The 24 stroke ceiling on handicaps in club competition has been lifted and will be the maximum 36. This includes the Palcutta.

The evening closed with donuts and tea - the coffee was late because of fuse trouble - sorry.

MEMBERS OF THE WEST POINT GOLF CLUB, the Nominating Committee is looking for names for a couple of positions on the 1980 Executive. This Executive plans all the golfing events, par points, smokers, final banquet, etc., and meet one night each month. One position to be filled is that of Treasurer. It requires a little bookkeeping and banking knowledge. Remember that the Club cannot survive without the help of members willing to serve on the Executive. NOTICE TO ALL TROPHY WINNERS IN 1978

Please return the yearly trophy to the Pro Shop. We need them now so they can be engraved for presentation at the 1979 final banquet. Do it today.

SPEAKING OF THE FINAL BANQUET..... It has been a great success in the past, partly because of the members donations of door prizes. Please start turning them in to the Pro Shop. Help us make this another successful final banquet by getting those prizes in early.

Closing days were held on the weekend of October 27th and 28th and, unlike our originally scheduled opening day, the weather man gave us his co-operation (more or less).

Sandwiches, doughnuts and coffee were served, and in addition to the Captains vs. Vice Captains game, there was a turkey shoot for each division on both days. For the record the Captains beat the Vice Captains on Saturday 18 to 6, and on Sunday 16½ to 7½.

The turkey winners were:

Saturday Mel Chin
 Frank Carter
 John Ingelson

Sunday George Alexander
 Andy Dove
 Don Edmunds

The Rube Haack Shield, which involves the season's monthly medal winners was won by George Alexander

The last competition of the season was also completed last month and the winners were:

Qantas	Bob Cunningham
Gilmour	Barry Field-Syte
Golfcraft	George Steya

So that's the end of another golf season and looking back over the year, we think you will agree it was a successful one. The competition was keen and the weather was great. Your match and handicap committee thanks all of you for your co-operation during the year.

"If you watch a game, it's fun.
If you play it, it's recreation.
If you work at it, it's golf."
Bob Hope

In the last divot dust we reported that Jim Simpson had his first hole in one on October 1st. As if that wasn't enough, Jim then scored his second hole in one just 4 days later on October 5th on the 15th hole. WHAT CAN YOU SAY !!!

TREASURER'S REPORT

Attached is an unaudited Treasurer's report showing a record of 1979's Monetary activities. We have the auditor's approval to circulate this report prior to the audit.

NOMINATING COMMITTEE

Walt Turner has been working diligently to prepare a suggested slate of officers for 1980. The following members have all consented to serve on the Executive if elected.

Past President	R. Parker
President	G. Leonidas
Vice President	G. Rushton
Secretary	J. Dalton
Treasurer	D. Gilchrist
Captain	J. Wilson
Vice Captain	to be appointed
Vice Captain	to be appointed

	J. Davies
	C. Gaynor

Mid Week	E. Angel (or as appointed by mid week)

Leaving the executive are W. Turner, B. Cartwright and J. Girling

Each position within the executive requires filling, and to ensure this is done, the outgoing executive makes their recommendations to you for consideration. You may not agree with their selection and you may have the name of a person you think would be better suited to the job. You may, if you so desire, nominate this person, subject, however, to you having previously contacted him and received from him his permission to be a candidate. He must also be at the meeting, or failing this, give you a properly signed letter authorizing you to present his name for consideration as a candidate.

FOR YOUR CONSIDERATION:

Players have been seen on the course, teeing off the grass tee when the markers have been placed at the mats. This is a NO NO. The markers are placed at the mats during the winter to protect the grass areas for play in the summer. These rules are made for the betterment of your golf, so let us all abide by them.

On December 31, 1979, we received the sad news that Harry Winder had passed away. Harry was the Pro at the Golf Course for many years. A Rhododendron and a suitable marker will be placed the 200 yard marker on the first hole, and a picture of this will be framed and hung in the clubhouse. This will be the West Point Golf Club's memorial to Harry Winder.
